Webmaster's report:

From Jan 1, 2023 thru Dec 31, 2023 we had 210,726 visits with 399,186 page requests allowed and 16,849 denied. The allowed numbers include our firewall boits that scan for attempted intrusions and allowed search engine bots that scan our headings and meta data for their use in listings. The denials were attempts to cause mischief or otherwise compromise our site.

I suggest new officers with e-mail redirects from our site, Secretary, Treasurer, Chairperson and DCM create an e-mail account to mask their identity and personal e-mail acct. An example would be D10Sec24@gmail.com (district 10 secretary 2024). If you prefer, I will act as a "catch-all" for e-mail directed at specific officers and screen out phising attempts, spam and other nefarious items, and forward along legitimate material. Should you wish to use your own personal e-mail account to reply to legitimate messages that's fine, just know that may involve a break in anonymity if your acct identifies you by name.

I'll be launching a new version of our site this spring. You'll not see any major changes. I'm just updating sites coding to a more modern version for faster loading on mobil platforms.

Any one curious about browser coding is urged to visit W3 Schools online tutorial. The tutorials there are free and very user friendly. Start with the Learning HTML tutorial and if you find it of interest; contact me, please.
